

GRAND RIVER CONSERVATION AUTHORITY ORDER FORM for TREES/SHRUBS

The Grand River Conservation Authority (GRCA) promotes the planting of trees as an integral part of our work to restore the natural environment. Trees and forests protect water quality in our rivers and streams. They provide habitat for birds and animals and they add to the health of our communities by purifying the air.

ELIGIBILITY:

Landowners residing in the Grand River watershed with **more than 1 hectare (2.5 acres) of land** are eligible to order trees. Tree orders can be reserved starting in the beginning of October through to the end of March. Trees pick-ups occur every spring starting approximately the 3rd week of April until the 2nd week in May (depending on seasonal weather conditions).

Landowners with more than 2 hectares (5 acres) of land may also be eligible for help developing a planting plan, planting services, and cost-share programs to offset the costs of trees. For more information about this contact our forestry specialists by email (trees@grandriver.ca) or by calling 519-621-2761.

To reserve a tree order, fill out this order form and submit it by mail, fax, or scanned and emailed. You can also submit a tree order online by going to: <https://www.grandriver.ca/en/our-watershed/Tree-planting.aspx> - here you will find a more up-to-date list of available trees and quantities.
