## About the park

**Towering limestone cliffs, caves and glacial potholes are a few of the natural wonders** found at Rockwood Conservation Area. You can view them from hiking trails on both sides of the Eramosa River, or in a rented canoe.

The park has over 65,000 visitors a year from near and far and offers excellent recreational opportunities only a short distance from major metropolitan areas.

Our staff is here to make your visit as enjoyable as possible. Should you have questions, please do not hesitate to contact us.

The Harris Woolen Mill Ruins can be explored by park visitors or rented by commercial film companies. Note: no amateur drones are permitted in the park.
