

Seasonal Camping Guide 2021 Rules and Regulations

This guide has been prepared in accordance with the GRCA Seasonal Camping Operating Procedures

Welcome to Seasonal Camping at the Grand River Conservation Authority

The Grand River watershed is full of incredible beauty with diverse landscapes and an abundance of wildlife. To fully appreciate it you really need to make time to explore all the watershed has to offer. Seasonal camping at one of Grand River Conservation Authority's conservation areas is a tremendous way to do that. Once experienced, we hope you'll return again and again.

Explore our 11 conservation areas – 7 of which offer seasonal camping, and provide many opportunities to connect with the great outdoors.

Campsites, Fees and Off-Season Storage

Campsite Use

Campsites are intended for use by Campers (*i.e. the Seasonal Camping Licence Holder*) and their immediate family generally defined as their parents, children, grandparents or similar, and immediate relatives who reside within the same household.

Campers and guests shall only access the Conservation Area for recreational vacation purposes, and for activities permitted under the *Conservation Authorities Act* or regulations created thereunder.

All other activities are strictly prohibited.

Camping Season

The camping seasons starts on May 1 and ends on October 15 (the “**Camping Season**”).

Campers shall not access the Campsite or the Conservation Area prior to the commencement or after the end of the Camping Season. Campers who do access the Campsite or the Conservation Area before or after the Camping Season will:

- Have their camping unit towed at their expense;
- Be charged for occupying the Conservation Area without a valid licence; and
- Be charged nightly camping fees for each and every night that the camping unit occupies the Campsite.

Campsites

The Grand River Conservation Authority (the “**GRCA**”) reserves the right to designate which campsites will be made available to Campers and their guests for seasonal camping.

The GRCA further reserves the right to require that Campers and their guests relocate to a different campsite when deemed necessary by the Conservation Area’s Superintendent (the “**Superintendent**”).

The GRCA may, at its sole and unfettered discretion, deny Campers and their guests access to the allocated campsite (the “**Campsite**”) in the case of flooding or any other emergency situation.

Seasonal Camping Fee

The seasonal camping fees to be paid by Campers varies based on the amenities available within each Conservation Area. The fees to be paid by Campers are set each fall by the GRCA General Membership and are further detailed in **Schedule 1** (the “**Camping Fees**”).

All Campers shall provide payment of the Camping Fees by no later than May 15. A failure to provide payment of the Camping Fee in a timely manner, will result in cancellation of the Campsite reservation. If an extension is granted, a \$100.00 late fee will be added.

The Camping Fees shall only cover the term of the Camping Season.

Residency / Eligibility

All Campers and their guests shall, at all times during the Camping Season, maintain a permanent primary residence within Canada. Neither the Conservation Area nor the Campsite may be used as a primary residence by anyone at any time.

Upon request of the GRCA, Campers and their guests shall produce sufficient identification displaying they maintain a permanent primary residence elsewhere within Canada (e.g. *Driver's Licence, Ontario Photo Card*).

Campsite Reservations

All Campers shall submit an executed *Seasonal Campsite Licence Agreement* and sufficient proof of insurance to the Superintendent by no later than March 15th. Should Campers fail or refuse to provide such documentation, Campers and their guests will not be granted access to the Conservation Area.

Seasonal camping licences are neither transferrable nor refundable.

Campers shall not rent, lease, sublet or assign their camping units or their licence to access the Campsite without the prior express written approval of the Superintendent, which may be unreasonably withheld.

If a Camping Unit is sold during the Camping Season without the prior express written approval of the Superintendent, the Campsite must be released by Campers to the GRCA.

Current Seasonal Camper

Campers may, with the express written approval of the Superintendent, reserve their Campsite for the following camping season. Campers seeking to reserve their Campsite for the following camping season must provide payment to the GRCA of a partially non-refundable deposit in the amount of **\$250.00** by no later than 12:00 p.m. on October 1. If Campers fail to reserve their Campsite by October 1, the Campsite will be made available to other campers *via* the lottery application process.

Campers will not be permitted to reserve their Campsite for the following camping season if Camping Fees are outstanding, or if Campers is not otherwise in good standing with the GRCA.

Campers wishing to cancel their reservation for the following camping season are entitled to a partial refund of the deposit if they provide the Superintendent with written notice by no later than March 15. Refunds of the deposit are limited to a maximum \$229.00, with all additional amounts remaining non-refundable. Campers will not be entitled to a refund of any kind if they fail to notify the Superintendent of the cancelation by March 15th.

New Seasonal Camper – Lottery Application

Vacant seasonal campsites are assigned through a lottery process.

Interested applicants can apply by submitting a *Seasonal Campsite Lottery Application* to the corresponding Superintendent. Applications will be made available online and in the Conservation Area's office on November 1.

Applications will be received between November 1 and November 15. No applications will be accepted before or after this period. A list of available campsites will be made available on November 1.

Approved applications will be entered into the lottery, and successful lottery winners will be granted an opportunity to camp at the Conservation Area.

Off-Season Storage

Unless otherwise agreed in writing, Campers must remove all items and camping units (*i.e. tent-trailers, camper-trucks, camping trailers, fifth wheel trailers and motor homes*) from the Conservation Area at the end of the Camping Season.

With the exception of the Brant Conservation Area, Pinehurst Lake Conservation Area, and Conestogo Lake Conservation Area, Campers may, with the express written approval of the Superintendent, be permitted to store their camping units at designated areas of the Conservation Area after the end of the Camping Season. Further, sheds and decks may also be permitted to remain on site, with the prior express written approval of the Superintendent.

All campers wishing to store their camping units at the Conservation Area must submit a completed Conservation Area Trailer Storage Application to the Superintendent for review and approval.

Campers wishing to store their camping units at the Conservation Area after the Camping Season shall provide payment of a non-refundable off-season storage fee by no later than October 1. Off season storage fees are detailed in **Schedule 1**.

Campers who fail to provide payment of the off-season storage fee by October 1, will be liable for an additional late fee in the amount of \$25.00 per month.

On-site storage of camping units is not permitted unless expressly authorized by the GRCA in writing. The presence of structures or equipment added by Campers is not considered valid reasoning for on-site storage of camping units beyond the Camping Season.

No camping units, structures or equipment will be permitted to remain on Campsites that are prone to flooding or high water. The GRCA may require at any time that all structures and equipment be removed to facilitate Campsite maintenance.

Where off-season storage is permitted, only one camping unit and one shed will be permitted per Campsite. Camping units may not be used for accommodation during this period, and all Campsite utilities will be disconnected as of October 16. Campers wishing to access their camping unit during after the Camping Season must make arrangements with the Superintendent.

Campground Etiquette

All Campers and their guests must act in a kind and respectful manner and must not interfere with the ability of others to enjoy the Conservation Area in a quiet and peaceful setting.

Excessive noise or disturbance is not permitted at any time, and any fighting, yelling, intoxication or use of obscene or vulgar language will not be tolerated. No detachable or external amplified speakers are permitted

All Campers are responsible for the actions of their guests and will be held liable for any damage, vandalism, or destruction to/of the Campsite or GRCA property.

All swimming areas, beaches and playgrounds are smoke-free.

All Campers and their guests are expected to treat all GRCA personnel with respect. **Verbal or physical abuse or threatening behaviour toward GRCA personnel or other campers will not be tolerated and will result in immediate and indefinite eviction from all GRCA property.**

Quiet Time

All Campers and their guests must observe the campground quiet time between 11 p.m. and 7 a.m. Loud music and other excessive noise is not permitted during this time.

Alcohol & Cannabis

Alcohol

The consumption of alcohol is only permitted on registered campsites within the Conservation Area.

Consumption and possession of Alcohol within the Conservation Area is strictly prohibited while bans are in effect.

Cannabis

The consumption of cannabis is only permitted on a registered campsite and in open spaces, like trails and parking lots.

Cannabis use is not permitted:

- on the sand portion of beaches and swimming areas;
- within the enclosure area surrounding swimming pools;
- near splash pads and playgrounds;
- within picnic shelters or pavilions with more than two solid sides; or
- inside washrooms.

Consumption and possession of Cannabis within the Conservation Area is strictly prohibited while bans are in effect.

Alcohol & Cannabis Bans

Conservation Areas have alcohol and cannabis bans in effect during the Camping Season which prohibits the possession or consumption of alcohol and/or cannabis anywhere within the Conservation Area, including all registered campsites.

Alcohol and cannabis bans for long weekends run from noon on the Thursday before the long weekend to noon on the Tuesday that follows the long weekend.

When a cannabis ban is **not** in effect, the consumption of cannabis is permitted on a registered campsite and in open spaces, like trails and parking lots.

Cannabis use is not permitted:

- on the sand portion of beaches and swimming areas,
- within the enclosure area surrounding swimming pools,
- near splash pads and playgrounds,
- within picnic shelters or pavilions with more than two solid sides, or inside washrooms.

Alcohol and Cannabis bans shall be in effect in accordance with the following:

Dates for Joint Alcohol and Cannabis Bans by Conservation Area

- **Elora Gorge Conservation Area:** A total ban is in effect for all dates throughout the season. This ban prohibits the possession or consumption of alcohol or cannabis anywhere within the conservation area, including all registered campsites.
- **Byng Island Conservation Area:** Alcohol and cannabis is banned from the Thursday before Victoria Day until the third Sunday in June, and on Labour Day weekend (Thursday to Tuesday) anywhere within the conservation area, including all registered campsites.
- **Guelph Lake Conservation Area:** Alcohol and cannabis is banned during the Victoria Day and Labour Day weekends (Thursday to Tuesday) anywhere within the conservation area, including all registered campsites.
- **Laurel Creek Conservation Area:** Alcohol and cannabis is banned from May 1 (opening day) until the third Sunday in June, and on Labour Day weekend (Thursday to Tuesday) anywhere within the conservation area, including all registered campsites.
- **All conservation areas:** Alcohol and cannabis is banned during the Victoria Day and Labour Day weekends (Thursday to Tuesday) anywhere within the conservation area, including all registered campsites.

Use and possession of alcohol and/or cannabis is at all times strictly prohibited at the Elora Gorge Conservation Area.

Anyone found to be in possession of/or consuming alcohol and/or cannabis during a ban will be immediately evicted from the Conservation Area. Campers and guests will be evicted from the Conservation Area for a period of three (3) days on the first offence. A second offence will result in a permanent eviction from all GRCA Conservation Areas.

Domestic Animals

No more than two (2) pets are allowed on a Campsite.

Pet owners must comply with all local animal control by-laws (*i.e. dogs must be licenced*). All pets must at all times be on leashes with a maximum length of two (2) meters. Pets are not allowed in washrooms, on beaches or in swimming areas. Owners must clean up after their pets. No pets shall be left unattended or be allowed to disturb other Campers or guests.

Any aggressive or inappropriate behaviour by any pet will result in immediate removal of the pet from the Conservation Area.

Generators

Use of Generators is only permitted with the prior express written approval of the Superintendent. Continuous or prolonged generator use during the day is not permitted.

Permitted Equipment & Structures

A maximum of three (3) structures are permitted on a Campsite. These structures can include a camping unit, dining shelter and/or shed. No permanent structures are permitted. All additional equipment not considered part of the manufactured camping unit (e.g. *awning or add-a-room*) must remain portable.

Campers shall not add any equipment or structures to the Campsite without the prior express written approval of the Superintendent. All proposed changes to the Campsite must be submitted to Superintendent in the form of a *Seasonal Campsite Modification Form*, and will require prior approval.

Campers and guests shall not install or erect any portable playgrounds, wading pools, or swings of any kind.

Breach

A failure to comply with GRCA rules and guidelines will result in enforcement actions by the GRCA and/or the local Police.

Any Campers or guest(s) who fail to comply with the GRCA rules and guidelines may, at the GRCA's sole and unfettered discretion, be indefinitely barred from all GRCA Conservation Areas.

Campers who are evicted from the Conservation Area, for any reason, are not entitled to a refund of any amounts paid.

Guests

All guests must pay the applicable Conservation Area admission fees or have a valid GRCA Membership Pass.

All guests must purchase an additional vehicle permit for additional vehicles remaining at the Conservation Area overnight. A maximum of six (6) people are allowed to camp overnight at each Campsite.

Guests may only attend the Conservation Area if accompanied by Campers or the Designated Alternative Camper. Campground visitors are permitted between 8 a.m. and 9 p.m. daily. No new visitors will be admitted after 9 p.m. Campground hours may be restricted, as necessary.

Camping Units

Camping units permitted within the Conservation Area includes tents, tent-trailers, camper-trucks, camping trailers, fifth wheel trailers and motor homes.

All recreation vehicles must comply with CSA Z240 RV Series "Recreational Vehicles" and NFPA 1192 for Recreational Vehicles and be complete with manufacturer plates and remain unaltered. No park model trailers are permitted at all.

Trailer size is limited to 12.2 meters (40 feet) long by 2.6 meters (8.5 feet) wide (*based on manufacturers specifications and excluding slide outs*) or as site parameters may permit. Prospective campers are encouraged to confirm the availability of sites that could accommodate their camping unit prior to applying. Camping units shall not exceed the length permitted or the electrical service provided on the perspective camping site.

Prior to the Campers upgrading their camping unit to a larger size, they must submit a *Camping Equipment and Structures Permission Form* to the GRCA for approval. All trailer hitch assemblies must at all times face the roadway and remain accessible.

Camping units (*except tents*) must be registered and display a valid motor vehicle licence.

Only one camping unit with wheels is permitted at each Campsite (*i.e. trailer, camper or mobile home*). A tent is permitted as a second sleeping accommodation, where the maximum number of structures is not exceeded.

Campsite Layout and Campsite Modifications

Campers must submit a completed sketch of their Campsite on a *Seasonal Camping Equipment & Structures Form* to the Superintendent.

Campers shall not make any modifications to their Campsite without the prior express written approval of the Superintendent. If Campers wish to make any modifications to their Campsite, they must submit their proposed changes to the Superintendent in the form of a *Seasonal Campsite Modification Form*.

Decks, Patios & Awnings

One (1) deck or patio is permitted on each Campsite. All decks and patios must:

- i. not exceed sixty (60) centimeters in height;
- ii. not exceed a combined site coverage of 18.58 m² (200 ft²);
- iii. not exceed 2.44 meters (8 feet) in width;
- iv. fit within the site and not encroach on green buffer spaces or other sites;
- v. not exceed the body length of the trailer;
- vi. not protrude past the front or rear wall of the trailer (with the exception of rear entry trailers);
- vii. be removable by hand (sectioned), at the approved height; and
- viii. not be physically attached to the camping unit.

All decks and patio structures must be made of wood, patio stones or carpet and be aesthetically pleasing.

No cement posts are allowed.

Awnings attached to the camping unit must be manufactured by a trailer/ RV service provider. Awnings may not extend beyond the end of the trailer.

Add-a-Room

Add-a-room structures must be made of canvas or vinyl with screening material commonly sold with trailers or specifically manufactured to be attached to trailers or recreational vehicles. No wooden or metal additions to the camping unit will be permitted.

All add-a-rooms shall not exceed:

- i. 8.58 m² (200 ft²) in area; and
- ii. 2.44 meters (8 ft) in width.

In no case shall a combination of add-a-room and deck/patio exceed:

- i. 18.58 m² (200 ft²); or
- ii. 2.44 meters (8 ft) in width.

Sheds

One (1) storage shed is permitted on each Campsite.

Storage sheds shall not exceed 60 ft².

Sheds must be free standing and anchored in proper material approved by the Superintendent. Electricity is not permitted inside sheds. All sheds and their location must be approved by the Superintendent through the issuance of an Equipment and Structures Permit prior to installation.

Appliances & Equipment

Equipment, appliance and structures must all be kept in a safe and aesthetically pleasing condition. A failure to do so will result in such equipment, appliances and/or structures being removed from the Conservation Area at the direction of the Superintendent.

Refrigerators are permitted upon the Campsite with the approval of the Superintendent.

Only one (1) refrigerator is permitted outside of the camping unit. All outdoor refrigerators are subject to the approval of the Superintendent.

Neither refrigerators nor any other electrical appliance (e.g. washer, dryer, etc.) may be kept in a storage shed.

All outdoor refrigerators must:

- i. be stored in a proper and safe manner;
- ii. be kept on an elevated and level surface;
- iii. be protected from the elements;
- iv. plugged directly into the trailer; and
- v. not be plugged in with the use of an extension cord.

All refrigerators must be compact and restricted to:

- i. 90 centimeters (36 inches) in height;
- ii. 60 centimeters (24 inches) in width; and
- iii. have and a maximum capacity of 73.75 cubic centimeters (4.5 cubic feet).

Campground Environment

Campsite Maintenance

Campsites must at all times be kept in a clean and tidy manner.

Campers are responsible for grass cutting.

The planting of gardens and other landscaping upon the Conservation Area is strongly discouraged.

The use of pesticides and herbicides within the Conservation Area is strictly prohibited.

Wastewater Disposal

All sewage or grey water of any kind must be disposed of at the allocated sewage dumping station(s).

Camping units on Campsites equipped with permanent sanitary sewer services shall maintain a secure connection to the on-site hookup at all times. Alterations to GRCA sewer or water services, including tampering with back flow prevention mechanisms, is strictly prohibited.

Campers shall not flush disposable wipes into the sanitary sewer services and must dispose of such wipes with regular garbage.

Water & Hydro Services

Lawn watering and vehicle washing is not permitted within the Conservation Area.

To conserve electricity, Campers are encouraged to reduce their electricity use (*e.g. turn off air conditioners when not in use*).

All water connections must be kept in good condition. Water connections must not be buried and must remain visible. Campers shall inspect connections regularly to ensure they remain free of leaks. All water hoses must be removed from the Conservation Area at the end of the Camping Season.

All electrical connections must be completed in accordance with the *Electrical Safety Code* and will be subject to inspection by the Electrical Safety Authority. A failure to maintain a proper electrical connection will result in the power being disconnected.

Campers shall ensure that their electrical connections are proper and not causing undue demand. Campers shall reimburse the GRCA for any and all costs and damages incurred by the GRCA as a result of improper or misuse of electrical connections.

Garbage Disposal

Garbage must be collected and properly disposed of in the waste bins provided.

Yard waste (*including leaves, branches and grass clippings*) shall not be discarded into rivers or lakes, and must be composted at the compost site(s) provided.

Furniture, appliances, construction material and/or other hazardous items or materials shall not be disposed of at the Conservation Area. Disposal of these items into or beside waste bins is strictly prohibited.

No garbage shall be brought onto the Conservation Area. GRCA disposal sites shall only be used for garbage generated within the Conservation Area.

Trees & Vegetation

Campers and their guests shall not strip bark, use nails or attach wires to trees or shrubs. Ropes around trees are permitted, but must be removed at the end of the Camping Season. Lights and decorations shall not be affixed to trees.

Campers shall not plant any trees or shrubs without the prior express written approval of the Superintendent. If permitted, all trees and shrubs planted by Campers shall become the property of the GRCA and shall not be removed.

Campers shall not prune or trim trees without the prior written approval of the Superintendent.

Campers should be aware that trees may be impacted by a variety of pests and diseases (e.g. *Emerald Ash Borer*) which can weaken the tree structure. While the GRCA maintains an inspection program for tree hazards on all campsites, Campers are encouraged to be aware of overhead hazards and report any trees that they feel may be hazardous to GRCA Staff.

Fires & Firewood

Gathering of firewood from GRCA property is prohibited. Unsightly wood piles or wood cutting on site is not allowed. Wood pallets or skids may not be used as firewood. The use of chainsaws is not permitted.

Firewood brought in from another area may harbour pests and carry disease that will destroy forests. Buy firewood locally and burn it locally. The GRCA has firewood available for purchase that has been harvested through good forestry practices.

Fires must be contained within an approved fire pit and kept under control at all times. Fires must not be left unattended. Ensure campfires are extinguished before you retire for the night or leave the site. Dispose of matches and cigarettes in the fire pit.

In the event of a fire ban, all site occupants are expected to comply with the order of the Fire Chief or Fire Marshall. Failure to do so could result in fines levied by the issuing authority and/or your eviction from the conservation area.

Contractors

Campers must register any outside contractors that will be working on their Campsite or their Camping Unit with the gatehouse no less than twenty-four (24) hours prior to their arrival at the Campsite.

The gatehouse must be provided with the name of the contractor, a brief description of the work being performed and the expected date/time of arrival at the Conservation Area. Prior to being granted entry to the Conservation Area, all contractors will be required to provide the Superintendent with proof of adequate liability insurance and WSIB coverage.

Vehicles

Personal Vehicles

Unless otherwise approved by the Superintendent, one (1) personal vehicle is permitted per Campsite.

Campers will receive a Vehicle Pass windshield sticker, which will provide their designated vehicle with access to the Conservation Area and permit the vehicle overnight parking at the Campsite. The windshield sticker entitles the Camper's designated vehicle to enter all GRCA Conservation Areas during staffed hours, with a maximum of six (6) people in a vehicle.

At Campsites where automatic access gates exist, Campers will receive an access card that will allow entry through the gate system.

All vehicle passes shall expire at the end of Camping Season.

Additional Vehicle Pass

Campers who wish to have an additional vehicle registered to the Campsite must purchase an Additional Vehicle Pass. An Additional Vehicle Pass will include a windshield sticker and, if applicable, an automatic gate access card.

Additional Vehicle Passes can be purchased through the gatehouse. Additional vehicles must have proof of registration and the same address as the Camper.

Boat & Utility Trailers

Boats or utility trailers may only be left on the Campsite with the prior express written approval of the Superintendent. This approval will be subject to the ability of the Campsite to accommodate the boat or utility trailer in addition to camping units and personal vehicles present. The impact of the boat or utility trailer on the campground amenities and on neighbouring campsites will also be considered. Where dedicated parking/storage areas are provided, campers will be directed to park boats and utility trailers in these areas.

ATV's, Golf Carts & E-bikes

ATV's and golf carts are not allowed within the Conservation Area or anywhere on GRCA property.

E-bikes are permitted on Conservation Area roadways only. Use of e-bikes is prohibited on any Conservation Area trail system.

With the exception of assistive devices specifically designed to improve mobility, all other power-assisted, low-speed vehicles are not permitted upon GRCA property.

Schedule 1 - 2021 Seasonal Camping Fees

Note: Fees are reviewed every fall, changes are approved by the GRCA General Membership

Prices Include HST

Conservation Area/Service type	Rate
Brant	Rate
Unserviced	\$1,915.80

2021 Storage Fees

Conservation Area	Storage Rate
Brant	No storage available
Byng Island	Monthly - \$70 Off Season - \$200
Conestogo Lake	No storage available
Elora Gorge	Off season - \$00
Guelph Lake	Monthly - \$70 Off Season - \$200
Laurel Creek	Monthly - \$70 Off Season - \$250
Pinehurst Lake	No storage available

Late Payments

Process:

Payment in full for a **seasonal site** is due by May 15. Missing this deadline will result in forfeiture of the site. If an extension is granted, a \$100.00 late payment fee will apply. Failure to comply with this date will result in forfeiture of the Campsite. If you are unable to occupy your site this season, you must inform staff by March 15 to receive a partial refund of your deposit. No refund of deposits will be granted after this date.

Due Dates:

Payment for **off-season storage** is due by October 1. Payment after this date will incur a \$25.00 late fee per month.

Appendix A: Camping Equipment & Structures Permission Form

2021 Seasonal Campsite Equipment & Structure Form

Please sketch out your campsite, identifying the front of campsite, location of trailer, shed, deck, and another other features onsite (e.g. deck box, swing, etc.) along with component dimensions. The typical seasonal campsite layout shown below can be used as an example to illustrate the information required. **All seasonal campers must complete this form by June 1, 2021.**
